

K-LOVE is critical to our family as it provides an alternative to secular radio stations and Christian talk stations. Our concern is that K-LOVE could possibly be displaced by an LPFM broadcaster providing other programming in our area. In the community in which I live, many of the citizens truly enjoy and find K-LOVE as a source of encouragement throughout their daily lives. Please do not allow it to be displaced. People who listen to K-LOVE truly are much happier because of it.
